

DAC #5

May 14, 2002

To: U.S.P.T.O.,

Examiner James G. Smith, application #09/702/957, art unit 3723.

From: David P. Tremblay, Karen A. Tremblay

This is a letter requesting a petition to revive letter of abandonment received 5-10-02. Last office action dated 9-6-01 was never received by applicant. Strict attention is always given regarding U.S.P.T.O. correspondence, as your timing policies are well known. All correspondence in the past has met all of your criteria. Articles lost in the mail are common, it is neither the fault of the sender or the reciever. Could you please accept my petition to revive and send out last office action. Your attention to this matter is greatly appreciated.

Sincerely,

David P. Tremblay
